THROUGH HIS EYES Cade Stellan. Billionaire, and closet pervert. He liked to watch. And I'm not referring to sporting events! He wanted a woman that he could control and unfortunately, I'd caught his attention. I say unfortunately because as much as I wanted to deny him, the price he offered proved that I could be bought. Why a man like him had to pay for anything would never make sense, nor would why he had chosen a person like me to fulfill those needs. As much as I wanted to turn him down, and prove to myself that my standards were higher, I knew I wouldn't. **Pure Sensation** The conclusion your heart has been yearning for! Leo and Leif (with a surprise introduction of Miles). 21-year-old Abigail Peterson had her entire life worked out until she walked in on her fiancé' screwing away her future, literally. Blaming her for refusing to fulfill his needs, her self-confidence is destroyed and she's promised to never trust another man again. When her best friend offers her a summer on a private island, it seems like the perfect place to forget the pain and work out the next steps of her shattered life. What her friend failed to mention is she's set up Abigail with two of the hottest men on the planet and they hope to fulfill her every desire. She lost her ex by waiting for marriage, and wonders if maybe being a virgin isn't as important as she once thought it was?
