Ebony Rivers is caught in a dangerous relationship with Maxhew Kournikova, son of crime boss Nikolai Kournikova. She knows she needs to get out before she ends up on the wrong side of his fist and put as much distance between her and the Kournikova name--until she meets Demetrius Sorventinos. Tony Suarez is going undercover as Demetrius Sorventinos, determined to gather enough evidence against Nikolai Kournikova to put an end to his reign of terror. Everything the Kournikovas touch turns to dust, except for Ebony. He's drawn to her innocence, her beauty--out of place in the ugly world of crime. Both battle an undeniable attraction that could cost more than just their hearts... After the Kiss features a spunky heroine, two alpha males and sex hot enough to burn.
