When Francis' father leaves him and his stepmom for another life, he finds himself contending with an unhappy existence, both at college and at home. When one day his stepmom returns to catch him in an embarrassing situation, a misunderstanding ensues that will set him on a path he could never have imagined. He discovers that the woman he has lived with since a young age has always harboured desires to have a girl. Their serendipitous coming together over a mistaken intention, along with her ready acceptance of a situation that could fulfil her needs, leaves him reluctant to destroy her new found happiness. Follow Francis as he begins to experience feelings that he never knew he had, at the hands of a beautiful woman that is more than willing to help turn him into the young girl of her dreams.
