Bondage and Domination Erotica Publishing presents this intensely erotic story from Marigold Steel. What would you do if you really hurt your best friend and the only way to make it up to her is to put yourself entirely at her mercy? That's exactly what happens to Naomi and Connie is a skilled and very, very cruel mistress... PLEASE NOTE: Bondage and Domination Erotica Publishing specializes in rough BDSM fantasies but these stories are not reality. In truth, BDSM is not about sudden situations but requires very careful planning and communication. Don't interpret a story like this as a guide for behavior. It's a sexy fantasy, not a how to manual. Warning: This ebook contains very explicit descriptions of sexual activity and includes bondage, spanking, rough sex, first lesbian sex and more. Only mature adults who won't find that offensive should read this story. Here is a preview: Her words and tone made me tremble harder. There was a slight note of menace and delight in that menace that made me want to jump up and call the whole deal off, but I couldn't back down. First of all, I wanted more. I didn't know why but I wanted more. Far more importantly, though, I had hurt her and humiliated her. I needed to allow her some satisfaction and, really, it seemed like there was a hell of a lot of satisfaction happening to me right now anyway. Connie went to the desk and I turned my head to see her playing a hand over the various toys while making faces. Finally, she

grabbed something that looked like a big pointed glass door knob. She walked over to me and without hesitating, she grabbed me by my hair, lifted my head and thrust that thing at my lips. "Open up, Naomi." I did as I was told and she thrust it past my lips and over my tongue. "Now suck." I began to slurp on it, stroking it with my tongue. I was getting oddly excited. "Get it nice and wet, baby doll, you're going want it very slick." The menace was back in the voice but I obeyed and slurped on it until it was dripping. She pulled it from my mouth and then she disappeared from view as she moved directly behind me. I felt her hand playing over my ass cheeks again. I whimpered. Her fingers slid along my ass crack and then, they gripped my cheek and parted both cheeks and then, my asshole was screaming in pain as I lost my voice under a wave of agony. It took me a moment to realize she'd slammed the damned doorknob thing right into my tiny little opening. Just slammed it!
