Twelve Nation - The Book of Epoch - is a fast-moving, highly engaging, completely engrossing, and unforgettable adventure set in the not-too-distant future. Meet MAC COOK, the 12-year-old who will soon find himself in the midst of a mission to save the world. Shortly after his father's mysterious demise, and his mother's subsequent coma, Mac is living with his grandmother while trying to adjust to a new normal – when everything turns upside down. Instead of worrying about homework and games, Mac is suddenly on a mission to save The Book of Epoch from the forces of Darkness while uncovering the secret of his father's magical ring and the universal symbolism of TWELVE... Also meet – BENNY – Mac's crow-hawk-sporting, wise-cracking, zanky- rapping, nano-shirt-wearing, Tweezlos-eating, best friend with a heart of platinum.

CHIP – the brainy comrade of Mac with the mind of a computer and full of strange surprises.

ALLY BRELLE – Mac's classmate crush who seems to hardly notice Mac until it's too late. MR. DEVILLE – the very tall and very old math teacher with the wooly moustache who has it in for Mac. GRAND MASTER WAN – the shadowy martial arts instructor with a deep dark secret. DORIA – the dream world of the gods full of Doskers, Ghordes, Fellings, Merbits, Troths, Guggenstock, Thor, and so much more! Join along as you are thrust into the midst of an ancient epic struggle so fierce that the fate of mankind will literally hang in the balance. NOTHING WILL EVER BE THE SAME!
