Travis O'Connell was living his dream when a surprise on his doorstep causes his care-free world to slowly crumble around him. Finding himself suddenly thrust into fatherhood, Travis is forced to move back home with his parents to make ends meet. While learning to cope with the joys and sorrows of single parenthood as well as his parents' strong faith, Travis must come to terms with who he is and who God has called him to be. Will he choose to follow the One that can break the hardness growing in his heart and become the father that his daughter needs?
