Ally grew up alone and isolated in the Skull Collectors MC trailer park. Her father Ace, was the only family she had left after her mother's suicide.

Growing up with bikers and whores wasn't easy, but she kept focused on finishing high school so that she could go away to college. Hunter grew up in a different MC. The Devil's Riders MC to be exact. They live by three rules. 1. Brothers and family come first. 2. Don't f*ck the club over. 3.

Innocent women and children are to be protected. When murder and betrayal being the two together will Hunter help Ally, or make her life harder to live? Does everyone show their true intentions, or do they have hidden agendas? Find out in the 1st book of The Devil's Riders MC.
