A socially inept teenage boy who has the world's worst haircut and needs duct tape to hold his shoes together uses music apps and a computer to produce a remarkably catchy song. Some tech-savvy bullies use the song to make the video and release it on the Internet. To the surprise of absolutely everyone the song becomes a major international hit. Totally unprepared for stardom (or success of any kind) Briar has to cope with his skeptical parents, music industry sharks, hostile reviewers, oddball sponsors, a sketchy backup band, and a ruth rival.

To the surprise of everyone, including himself, Briar sets out to prove he's more than just a one-hit wonder.
