[Siren Ménage Everlasting: Erotic Paranormal Consensual BDSM Ménage a Trois Romance, M/F/M, werewolves, fisting, flogging, whipping, sex toys, HEA] Werewolf shape-shifters Brody Dietrich and Roman Meyer “borrow” a gigantic yellow tractor-scraper to stop the SUV following their Alpha. Leonie Baum’s father owns the vehicle, and she is not happy. But the board of directors say a woman’s place is not in construction, so Leonie’s career has come to a grinding halt anyway—just like the construction vehicle. With the death of the Supreme Alpha of Europe, the werewolf packs are vying to take control. Roman and Brody just want to go home to Werewolf Castle in the mountains, but their Alpha loans them to the Alpha of Vienna. At least this means they have time to get to know Leonie a little better despite their dramatic first meeting. They invite her on a hot air balloon flight, which they all enjoy, but their erotic sessions stop dead when they arrive for their first day of work and learn who their supervisor will be.
