I'd only meant to surrender my body but with time, he drove my soul to submit.

Ashamed of the woman she allowed herself to become, Sloane Montgomery sets out to repair the self-inflicted damage done to her life. A new town holds her new beginning and when Leo Calloway arrives everything changes. Captivated by Leo and his dark desires, Sloane wonders if her fascination with his dominance goes deeper than fantasy. Has she been seeking punishment to atone for the sins of her past all along? Though Leo's brutal lust is what first enthralls her, the bonds of trust they form could have the power to heal her. When the ties to her former life threaten to take hold of her again, the passion binding her to Leo may be the key to her ultimate release. *Erotic BDSM Romance for mature readers 18+
